

Getting Started

Jenkins is ready!

You have skipped the **setup of an admin user**.

To log in, use the username: "admin" and the administrator password you used to access the setup wizard.

You have skipped the configuration of the Jenkins URL.

To configure the Jenkins URL, go to "Manage Jenkins" page.

Your Jenkins setup is complete.

General Source Code Management Build Triggers Build Post-build Actions

Build Triggers

- Trigger builds remotely (e.g., from scripts)
- Build after other projects are built
- Build periodically
- Poll SCM

Build

Execute shell

Command echo "hello build the job"

See [the list of available environment variables](#)

Advanced...

Save Apply

Type here to search

Console Output

```
Started by user admin
Running as SYSTEM
Building in workspace /var/lib/jenkins/workspace/gudmorning
[gudmorning] $ /bin/sh -xe /tmp/jenkins433889964512214734.sh
+ echo 'hello build the job'
hello build the job
Finished: SUCCESS
```
